Caregiver’s Primary Role: See what others overlook and hear what is seemingly
silent.
FEARLESS DIALOGUES is a grassroots initiative that creates unique spaces for unlikely partners to engage in hard, heartfelt conversations that see gifts in others, hear value in stories, and work for change and positive transformation in self and other.
No more fiendish punishment could be devised, were such a thing physically possible, than that one should be turned loose in society and remain absolutely unnoticed by all the members thereof. If no one turned around when we entered, answered when we spoke, or minded what we did, but if every person we met ‘**cut us dead**,’ and acted as if we were non-existent things, a kind of rage and impotent despair would before long well up in us, from which the cruelest bodily torture would be a relief.

--William James, 1890
